

2022 Annual Report

With gratitude to the caring friends, volunteers, donors, and staff who made it possible for AI Sigi Community to maintain accessible and flexible spaces throughout our six campuses and 20 buildings during the past year so our Member Agencies, Affiliates and neighbors can provide essential services in our community.

Your partnership helped us enhance access control at all campuses and modernize spaces to provide a safe and sustainable environment. We welcomed many friends, old and new, at events during the year, showcased the work of our agencies, and witnessed the collective impact on children and adults with special needs right here in the Rochester area.

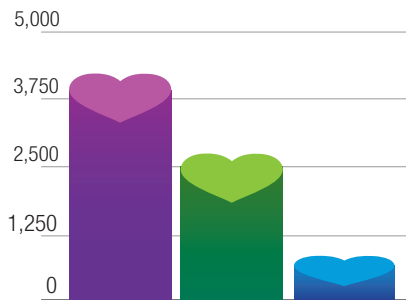

Thank you for helping us **Achieve More Together.**
